Essential, compelling, luxurious: the circular element of the **Memory** suspension lamp seems to emerge from the waters of tradition accompanied by its symbols and then to materialize into precious crystal drops.

Essenziale, magnetico, lussuoso: l'elemento circolare della lampada a sospensione **Memory** sembra emergere dalle acque della tradizione, portandone con sé i segni ispirati, materializzati nelle preziose gocce di cristallo.

Memory

In Brian Rasmussen's creation, modernity and classicism intertwine, giving life to a new dimension suspended in time: the brushed brass frame and the LED light source interact harmoniously with the crystal drops in a hypnotic and exceptional reinterpretation of classic luxury.

Nella creazione di Brian Rasmussen, modernità e classicità si intrecciano dando vita ad una nuova dimensione sospesa nel tempo: la montatura in ottone spazzolato e la sorgente luminosa a LED dialogano in armonia con una doppia calata di catene di cristallo ad altezza random, in una ipnotica ed inedita rilettura del lusso classico.
