## About LAUDARTE

Laudarte was created in 1992 as the result of a long and significant experience matured by its founder in the field of **fashion and luxury** furnishings and a deep and wide ranging research on **materials and production techniques**.

Designed and crafted entirely in Italy by **skilled master craftsmen**, Laudarte's pieces are conceived as expressions of the **Italian Art History**, of our **culture, taste** and **rich heritage** of artisanal know-how.

Operating from our **central offices** and **atelier in Milan**, our production is based on a **principle of modularity** that allows each product, material and finish, to be compiled into an almost infinite **series of artistic and design possibilities**, ranging from **lost-wax bronze casting**, to the latest **LED technology**.

Over the years, Laudarte has illuminated with its creations **royal and private residences, embassies, historic palaces** and some of the **most prestigious hotels** in the world, collaborating with the **most important international interior design studios**.

This **booklet** presents images of some of the spaces **decorated** and **lighted by Laudarte lamps and chandeliers**.
