NEW Memory

BRIAN RASMUSSEN

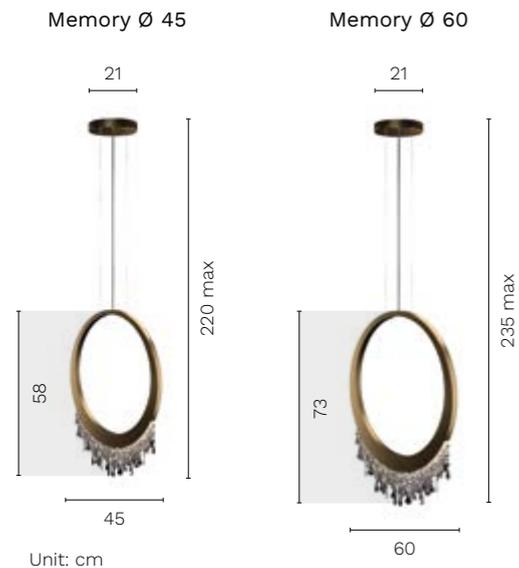

EN

Essential, compelling, luxurious: the circular element of the **Memory** suspension lamp seems to emerge from the waters of tradition accompanied by its symbols and then to materialize into precious Asfour crystal drops. In Brian Rasmussen's creation, modernity and classicism intertwine, giving life to a new dimension suspended in time: the brushed brass frame and the LED light source interact harmoniously with the crystal drops in a hypnotic and exceptional reinterpretation of classic luxury.

IT

Essenziale, magnetico, lussuoso: l'elemento circolare della lampada a sospensione **Memory** sembra emergere dalle acque della tradizione, portandone con sé i segni ispirati, materializzati nelle preziose gocce di cristallo Asfour. Nella creazione di Brian Rasmussen, modernità e classicità si intrecciano dando vita ad una nuova dimensione sospesa nel tempo: l'anello in ottone spazzolato e la sorgente luminosa a LED dialogano in armonia con una doppia calata di catene di cristallo ad altezza random, in una ipnotica ed inedita rilettura del lusso classico.

MINGOTTI E GIORDANO ARCHITETTI

The **Modulaire** suspension lamp takes inspiration from the tubular neon model, the undisputed star of 20th-century lighting design. The unique cannetté processing of the tubular crystal element allows the light to refract, creating luminous decorative effects. The junction is made of precious brass in gold or glossy black finishes, while the lamp's characteristic modular shape is infinitely replicable.

La lampada a sospensione **Modulaire** prende ispirazione dal modello tubolare al neon, indiscusso protagonista del design dell'illuminazione del XX secolo. La particolare lavorazione cannettata dell'elemento tubolare in cristallo permette alla luce di rifrangersi creando decorativi effetti luminosi. Il nodo è realizzato in prezioso ottone con finitura oro o nero lucido, mentre la caratteristica conformazione modulare rende la lampada replicabile all'infinito.

Sophisticated and contemporary reinterpretation of the famous design by French designer Jacques Adnet, the **Roseaux** floor lamp is characterized by the striking “faux bambou” effect of the structure, its dominant motif. Table lamp with a mosaic body of mother-of-pearl, shells, stones, and brass details, the **Rock** table lamp is the updated expression of the ageless art of mosaic that exemplifies some of Laudarte's most distinctive creations.

The chromatic contrasts of the mosaic accentuate the body's design, where circle and line create a hypnotic and rhythmic geometric effect.

Lampada da tavolo con corpo in mosaico di madreperla, conchiglie, pietre e dettagli in ottone, la lampada da tavolo **Rock** è l'espressione attualizzata dell'arte millenaria del mosaico che caratterizza alcune delle creazioni più distintive di Laudarte.

I contrasti cromatici del mosaico enfatizzano il disegno del corpo della lampada, in cui cerchio e linea creano un ipnotico e ritmico effetto di geometrie.
